FLEXWELL® CRYO PIPE - PUR

Your solution for small scale LNG transfer and jettyless LNG

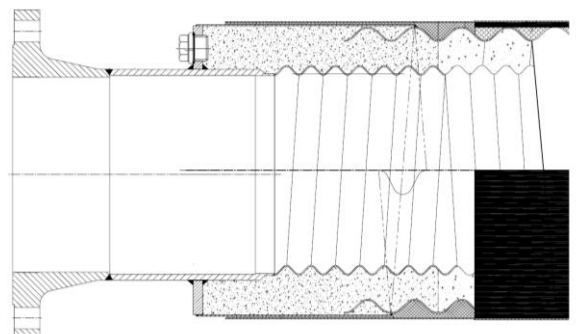

Pipe for fixed installation suitable in coastal areas

With our technology you do not need to build a cost intensive jetty for your small-scale LNG unloading infrastructure. Just install our BRUGG pipe from one static interface point fixed and protected on the seabed and connect onshore to your pre-build infrastructure.

Material:	inner pipe	1.4301 (304)
	outer pipe	1.4404 (316L)
	insulation	PUR
	outer corrosion protection	PE-LD
Max. pressure	< 10 bar	
Temperature range	-170 °C bis +50 °C	
certification	PED 2014/68/EU or EN10380	

Type	Nominal bore	Inner diameter mm	Outer diameter mm	Bending radius m	Max. delivery length m
FCP PUR 127 / 220	DN100	127	220	4	270
FCP PUR 147 / 220	DN125	147	220	4	270
FCP PUR 200 / 310	DN150	200	310	5	230 (107)
